Annual Report

of

GILMANTON NEW HAMPSHIRE 1983

IN MEMORY OF DAVE McKINNA

In the town of Gilmanton which not only cherishes its political institutions but also employs them for the public good and reshapes them so that they may serve the needs of all the people better, the Town Meeting stands out as a forum in which both the elected officials and the citizens of Gilmanton can gather together and express their concern, their needs and their praise.

Thus, in the presence of the citizens of Gilmanton, I would now like to take this opportunity as Chairman of the Board of Selectmen to acknowledge and thank David McKinna publicly for his service to the town of Gilmanton as a member of the Board of Selectmen. As a Selectman he has both aided the town of Gilmanton and benefited from the problems and challenges of his office. We must also bear in mind that David McKinna has served the town of Gilmanton diligently as a member of the Planning Committee, the Budget Committee and the Parks and Recreation Commission.

It would be unwise and thoughtless to leave such a long record of public service unacknowledged. Therefore, I ask that a notice be entered into the records of this meeting that the town of Gilmanton, as well as his fellow officials, duly acknowledge and thank David McKinna for his service to the town of Gilmanton.

Respectfully submitted,

Joseph F. Crowley, Chairman of the Board of Selectmen for the residents and taxpayers of the town of Gilmanton.

Amounts enclosed in parentheses are items approved by the Budge Committee.

The following resolution was adopted.

In the Town of Gilmanton which not only cherishes its political institution but also employs them for the public good and reshapes them so that they may serve the needs of all the people better, the Town Meeting stands out as a forum in which both the elected officials and the citizens of Gil-

manton can gather together and express their concern, their needs, and their praise.

Thus, in the presence of the citizens of Gilmanton, I would now like to take this opportunity as Chairman of the Board of Selectmen to acknowledge and thank David McKinna publically for his service to the Town of Gilmanton as a member of the Board of Selectmen. As a Selectman he has both aided the Town of Gilmanton and benefited from the problems and challenges of his office. We must also bear in mind that David McKinna has served the Town of Gilmanton diligently as a member of the Planning Board, the Budget Committee, and the Parks and Recreation Commission.

It would be unwise and thoughtless to leave such a long record of public service unacknowledged; therefore, I ask that a notice be entered into the records of this meeting that the Town of Gilmanton, as well as his fellow officials, duly acknowledge and thank David McKinna for his service to the Town of Gilmanton.

Meeting adjourned at 9:35 p.m.

Respectfully submitted,
Elizabeth R. Smithers,
Town Clerk, Gilmanton

MINUTES OF THE SPECIAL MEETING
October 15, 1983

The meeting was called to order by the Moderator. The Moderator read the warrant. The Moderator read the following request:

We the Board of Selectmen respectfully request a ballot vote to be taken on all articles acted on at the Special Town Meeting to be held Saturday October 15, 1983, at 7:30 p.m. at the Gilmanton Elementary School.

The request was granted.

Article 1. The Board of Selectmen offered the following amendment:

To See if the Town will Vote to raise and appropriate the sum of \$4,200.00 for Engineering costs for the design of detailed plans that can be used in the competitive bidding process and the draining of Sawyer Lake to meet the N.H. Water Resource Board's order. Providing that Sawyer Lake Village District Appropriates \$2,800.00 as their 40% share of the total estimated cost of \$7,000.00

This amendment was voted in the affirmative, 77 yes and 59 no. It was considered that the wording of the amendment voided the article as originally written, therefore no further action was taken on this article.

Article 2. This article was tabled by a vote of 101 yes and 36 no.

There being no further business before the meeting the meeting was adjourned.

Respectfully submitted,

Elizabeth R. Smithers, Town Clerk, Gilmanton

GILMANTON IRON WORKS FIRE DEPARTMENT

The Gilmanton I.W. Fire Department responded to a total of 136 emergency calls in 1983. Of these, 53 were fires, 70 were medical and 13 were motor vehicle accidents.

Our average response time for these calls was 2.3 minutes from the time of the alarm to the time the first piece of apparatus is on the road.

The department was supported jointly by the Town appropriation for operating expenses and your donations for capitol improvements. The success of the department was also dependent on the voluntary efforts of its membership.

Some of the major purchases for 1983 were:

Jacobs Engine Brake for 9M2	\$2,500
Intercom for 9M2	500
200 feet of 4 inch hose	1,000
Protective Clothing	500
Training Expense	440

The towns people are welcome at our station at any time, as we are proud of our operation and stand ready, to serve the community in the best means possible.

Respectfully submitted,

WALTER H. SKANTZE
President

REPORT OF TOWN FOREST FIRE WARDEN
AND STATE FOREST RANGER

Once again, our cooperative Town and State Forest fire prevention and control program leads the nation in least acres burned per forest fire. Less than one-half acre per fire statewide average.

At the Town level, your Forest Fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest fire prevention is achieved at the Town level by issuing a written permit for every fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this written permit from the Town Fire Warden before kindling the fire. Any person that does not obtain a fire permit, when one is required, is violating our forest fire permit law and is subject to a court appearance and could be fined up to \$1,000 and receive a jail sentence of up to one year.

No fire permit will be issued between 9:00 a.m. and 5:00 p.m. unless it is raining. The reason for this is twofold: the fire danger increases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m. and 5:00 p.m. This happens because the sun dries out the fine fuels that are easily ignited and dries the air which permits rapid fire spread. Also during this part of the day fire fighters are not readily available in most communities so an escaped fire could burn longer and cause greater damage before being suppressed.

Your cooperation in burning only when conditions are safe is greatly appreciated.

As Smokey says, "Remember, Only You Can Prevent Forest Fires!"

REPORT OF THE GILMANTON
CONSERVATION COMMISSION

The Conservation Commission completed its agricultural inventory of the Town in 1983. Twenty-eight full and part time farmers were contacted by mail and personal interviews. A total of about 2,000 acres were farmed in 1983. Most of this farmland was used for hay, while corn silage, pasture and fruit accounted for most of the remaining agricultural production.

Despite the benefits which Gilmanton farmers provide to the Town, they face numerous problems in keeping their farms active. Many complained about high property taxes, a problem that is alleviated to some degree by the "current-use assessment" status, in which most farmers place their land. Some also expressed a need for greater services such as road maintenance and enforcement of trespass and dog control laws. In general, many sought a better public understanding of their attempts to continue farming in light of an overall regional decline in small farming operations.

Although the Commission has finished its survey of Gilmanton farmers, we plan to remain active in helping to promote agriculture in Town.

The Conservation Commission supported a town high school student this year at the New Hampshire Youth Conservation Camp in Windsor. Instruction at the week-long camp is conducted by staff from the Society for the Protection of New Hampshire Forests. A variety of natural history and conservation topics are covered at the camp, with the student getting an introduction to natural ecosystems and their wise management. The student who represented Gilmanton at the 1983 camp was Miss Leanne Warburton. As an application of some of her newly gained knowledge on conservation, she assisted us with our agricultural inventory. Provided funds are available, we would like to send a Gilmanton student to the camp each year.

Gordon W. Russell

GILMANTON PLANNING BOARD

1983 Annual Report

The Planning Board holds regular meetings on the second Thursday of each month at 7:30 p.m. at the Town Hall. The dates and agenda of all meetings are posted in advance in both Town Post Offices. Minutes of all meetings are kept and are available for inspection in the Town Clerk's Office. All meetings are open and the public is invited to attend.

Subdivision activity within the Town during the past year can be summarized as follows:

- 10 Residential subdivisions approved
- 78 New lots in approved subdivisions
- 963 in Total acreage in approved subdivisions
- 12 Acres—Average lot size
- 1 Woodlot Subdivision
- 10 Survey Plans approved for Recording Purposes Only

The Board met regularly 11 times during 1983, held several additional evening work sessions and conducted nine onsite inspections of the lands to be subdivided. The Board held public hearings on an Earth Excavation Ordinance, designed to regulate open earth excavations and to insure that the areas affected are returned to their natural state, and this ordinance was later adopted by the Board.

The Board also held public hearings on a woodlot ordinance drafted and later approved by the Board. This ordinance believed to be one of the first such ordinances adopted in the State, allows land on Class VI roads to be subdivided into minimum 10 acres lots for resale for future use as woodlots.

The Board also began to work on the many procedural and substantial changes to the Town Zoning and Subdivision Regulation which will be required by the 1983 Zoning and Planning Law Recodification Act recently enacted by the State Legislature.

David McKinna's many contributions and longstanding dedication both to the Town and to the Planning Board are gratefully acknowledged.

LAKES REGION PLANNING COMMISSION

The Lakes Region Planning Commission has continued its service to member communities. As in the past, our primary objective has been to provide information, consultation and support to the local Planning Board in its planning efforts, as well as to the Board of Selectmen and other community officials.

Requests for funding continues to be based on a formula of the Town's population and assessed valuation. Twenty-seven municipalities continue their membership with the Planning Commission because they believe that it provides a needed service that they cannot provide independently or that cannot be obtained elsewhere.

The Planning Commission has worked closely with the Town of Gilmanton in providing an organized framework through the Commission's Solid Waste Management District so as to meet all State solid waste planning requirements. In addition, the LRPC provided comment on subdivision provisions dealing with forest lots; provided the Conservation Commission with Land Capability Mapping; typed and printed 100 copies of the Town's Site Plan Review Regulations and provided the necessary research and data collection to nominate the 1895 Gilmanton Academy building and the 1826 Centre Congregational Church of Gilmanton for inclusion on the National Register of Historic Places.

Dear Town Officials,

The 1983 totals of the number of animals from the Town of Gilmanton brought to the N.H. Humane Society shelter are as follows:

By your Animal Control Officer:	
Dogs and Puppies	24
Cats and Kittens	<u>11</u>
Total	35

From Gilmanton Residents:	
Dogs and Puppies	31
Cats and Kittens	<u>17</u>
Total	48

Total number of Dogs, Cats, Pups and Kittens from the Town	83
---	----

Your Society's shelter has been licensed and inspected by the State and fulfills your licensed dog pound requirements. It also complies with RSA 442-A, the Rabies Control Act for holding stray dogs.

Every Town has stray and animal problems. We encourage the Town of Gilmanton to use our services more in 1984.

Sincerely,
Fritz T. Sabbow
Executive Director

ANNUAL REPORT OF THE GILMANTON PARKS
AND RECREATION COMMISSION

This year the Parks and Recreation Commission completed the ball diamond at Crystal Lake Park, made new dugouts, and repaired the existing backstop. New beach sand was brought in and buoys were obtained for the beach. We also have replaced some of the barrels on the raft and have rebuilt the old raft with special treated boards. Again this year we sponsored a trip to Fenway Park and a good time was had by all. The Commission held their annual Halloween Party and it was very well attended.

In the year 1984, the Gilmanton Parks and Recreation Commission would like to hot top the area under the Polebarn at Crystal Lake Park, purchase some bases for the ballfield and add to the back stop and fencing at the homeplate area.

Sincerely,

Gilmanton Parks and
Recreation Commission;

REPORT OF THE HEALTH INSPECTOR

Dear Selectmen & Residents of Gilmanton,

In my duties as Health Officer last year, I visited 68 homes for possible septic violations; 28 of which led to a change of conditions.

Having driven by most homes in our area with a view towards maintaining current health policies, I have identified a number of homes discharging waste unlawfully, and acted with the State to make resolutions.

The Town Waste Site has also been an area of concern from a public health perspective. Problems with rodents, sorting and illegal dumping have been resolved.

Visiting homes seeking Day Care or Adoption Licenses was a less active area during the last year.

In 1984, I will be working to review septic systems for those owners adding more than a 100 sq. feet space addition. In this way it is hoped that our lakes, streams, ponds, and wetlands will continue to offer high quality water for drinking, recreation and beauty.

Respectfully submitted,

Jeffery B. Rigmont
Health Officer

ACCOUNTANT'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Gilmanton School District
Gilmanton, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Gilmanton School District as of and for the year ended June 30, 1983, as listed in the accompanying table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Gilmanton School District at June 30, 1983 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The combining, individual fund and account group financial statements and supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Gilmanton School District. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion is stated fairly in all material respects in relation to the combined financial statements taken as a whole.

There were a total of 19,427 lunches served with milk, and an additional 8196 ½ pints of milk were used by students at a charge of 15¢ under the Special Milk Program. Lunches were served 180 days with an average daily participation of 114. Each lunch cost an average of \$1.2899 to serve. This does not include the value of government food used. The program utilized about \$3,597.00 (wholesale value) of government commodity donated goods.

In view of the increased food & milk prices I feel we are fortunate not to have to raise our lunch and milk prices at this time. The kitchen staff headed by Joanne Patch and ably assisted by Bernice Tibbetts work very hard to control expenses and have certainly been responsible for the success of the program.

SUPERINTENDENT'S REPORT

January 9, 1984

To the Citizens of Gilmanton:

It has been over ten years since Martha and I have come among you to be part of the School District.

The changes in the School District have been without precedent. The school has been physically doubled in size, the program changed from self-contained to departmental in the upper grades and many more pupil health services and handicapped services have been added since we have become more aware of the needs.

The town has consistently responded to the challenge of providing good elementary school education for the children, and their association with the Gilford School District has been a positive influence on our students since the beginning of that association.

Martha and I regret leaving you after one of the happiest decades of our life, but new challenges await us over new horizons. We hope that the new people we meet will be as fine and friendly as those we leave behind in the Lakes Region.

Thank you for having us among you!

Cordially yours,

Robert W. Musgrove
